██████████ Marble Polishing Service is a fabulous service. You won't be disappointed ever. In addition, the price is very reasonable than other services—my marble floor shine like a diamond after polishing. If your floor needs polishing, don't hesitate to contact us to return your floor's shine.

What a great group of guys. From start to finish this company went way beyond my expectations. Our floors were heavily stained and had lots of holes. The stains are 70 percent lighter and you can't tell where the holes are at because they were filled with terrazzo aggregates. If your looking for a great floor polishing company. These are the guys to call. I am a very very satisfied customer and will recommend to all my neighbors, friends and family.

Critical: Quality

DO NOT GO HERE! ITS A SCAM!! They just rolled up my rug never cleaned it, called me in 2 weeks to pick it up all for \$80. The stain that was on it was still there, not even faded a little, and when I unrolled it to laid it down and a pile of sand came off it. I wish I could post pictures. Go to another place don't waste your time and money.

Services: Clean carpet, Clean area rugs

Noor was super helpful! Got a nice car for a price I couldn't find anywhere else as well as a warranty.

Awesome place. Noor is great to work with. This place is great honest straight forward, there isn't a ton of cars there so he knows everything about every car. Remember you're there to shop for a used car not a showroom. If you wanna pay the overhead elsewhere be my guest. You deal with one person from start to finish, it's quick and easy. There's no "let me talk with my manager.". I will say what has impressed me the most was service after the fact. I definitely recommend going there

If you want a great car for a great price along with amazing customer service, Layal Auto is the place to go. In the last 6 months, I have purchased 2 cars there. I am just so pleased with the service I received. One of the many reasons that I buy here is knowing that if there are any problems with either vehicle, all I have to do is call the owner and he will to what he can to fix it. I have to admit that I am not the best at writing reviews, but I could not pass on this because working with Noor at Layal has truly been the best car buying experience I have ever had!

Layal runs a good show, bought a legacy from them and they made the car like-new clean. Been driving it for 3 months and have had zero issues whatsoever. Good place to look for a car

I went Saturday not really looking to make a deal but I did find a car I liked and did a test drive and it was such a laid back experience. Everyone was super nice and my sales guy [REDACTED] Castruita has set the standard for sales reps. He was genuine and answered all my questions and he was fast. I highly recommend this dealership if looking for a car!

I was originally looking at the same type of car at Orr Nissan and felt very rushed. I felt like I was annoying them with every question I asked, they just kept pushing me to put a deposit down. Then sold the car I was going to look at while I was on the way up there for an appointment. Everything was completely opposite as soon as I started speaking with [REDACTED]. This has been the least stressful car purchase I have ever made. Jovan answered every question and fully explained everything with patience. I would purchase another car here in the future.

[REDACTED] was a really great non pushy car salesman. The finance manager really worked with my grandson to help him buy his own first car. Everyone was really super friendly there. Even the front desk lady was so nice, she went out of her way to help you feel comfortable, something to drink, even asked if I'd like some crackers or something to snack on. I would highly recommend this place. Tons of cars and wonderful people.

[REDACTED] was very informative. She answered all my questions about the car as well as the sales and services offered. The process from test drive to financing was one of the easiest and least stressful car buying opportunities I've had. I would recommend Jessica and carstoreusa for your car purchasing needs. They will be the number 1 place I'll look to purchase my next vehicle at.

We traveled 180 miles to purchase a vehicle from Car Store, and I would do it again without question. Details were handled in advance by email and text, so after a test drive, we were able to complete the purchase and be back on the road in short order. Nice facility, professional staff, and overall a very good experience.

My experience at carstoreusa was quick and painless, exactly how it should be at any dealership. I did my research online before going and was met by Summer right when I arrived and she helped me with any questions I had. I bought the vehicle that day and the paperwork/buying process was not the typical 3+ hour "waterboarding" experience. She was no pressure and pleasant to deal with. I recommend this dealership to anyone looking for a quality vehicle at a competitive price.

█ did a great job on restoring my counter tops. I have a quartz countertop in the kitchen and marble countertops in each bathroom. They were stained and cracked, and just very dull, probably from previous occupants of my home using abrasive cleaners. The countertops look brand new now, are shiny and █ was able to get 95% of the stains out. (Some were just too deep to remove). He is professional, polite, and showed up on time.

I wish I had taken a before photo as the pics do not do justice. My 17 year old floor looks as if it is brand new again! Stenio is professional, honest, on time and offers great value for a through job. The work was done meticulous; diamond grind to a matte finish, holes filled and grout replaced where needed. On top of such a fantastic job they were such nice and kind people! I am going to let my neighbors know on Nextdoor app. I highly recommend! Thank you sooo much!! Kim Evans- Coral Springs.
